See below the Announcement for the Rally:

Come as Liberians and friends of Liberia to lend your helping hand to this all important cause so that together we can generate the necessary public awareness and needed funds for the December Conference in Liberia.

Your presence and contributions are not only crucial to the success of the malaria campaign, but will also send the right signal and beacon of hope for a child, who is praying for a miracle from a human angel like you to rid himself or herself of malaria. Through these kinds of fundraising activities we can assist the less fortunate, who are at the mercy of malaria and who need our collective help to break the shackles of this preventable disease
